

Petitions or Prayers for farmworker justice

For the farmworkers who toil in the fields earning sub-poverty wages, without benefits or basic rights enjoyed by most other workers, let us pray to the Lord.

For the liberation and safety of the farmworkers in Florida and throughout the world, who at this very moment, may be held against their will in modern-day slavery, let us pray to the Lord.

For Burger King, Subway, and other corporations that purchase Florida's tomatoes, that they may heed the call to practice social responsibility and value the dignity of the farmworkers in their supply chain more than their profits, let us pray to the Lord.

For the Coalition of Immokalee Workers, the Campaign for Fair Food, and all those who are working to transform our food system to respect farmworkers, let us pray to the Lord.

For the mindfulness to remember those who harvest our fruits and vegetables and for the courage to partner with farmworkers to work for justice and dignity, let us pray to the Lord.
